

3 IN 1 PERIODIC CLEANER & PROTECTOR FOR KITCHEN AND WORKTOPS

Ready to use, 3 in 1 formula. Triple action product for the cleaning, protection and maintenance of all polished and semi polished marble, granite, natural stone and quartz counters and vanity tops, public spaces, and other tables. Product cleans effectively while supplying protection against staining and enhances surface shine.

SURFACES

Kitchen, vanity tops, coffee and other tables, windowsills, vases, statues and small stone artifact, marble, stone, quartz, granite and man-made stone.

FEATURES

Poly-valent formulation which allows to clean, polish and protect surface in one application. The product maintains the surfaces original colour while protecting it from water and soap residues and build-ups. It does not leave films or gives a plastic-look effect because of its penetration into the surface pores.

HOW TO USE

Spray product to area to be cleaned at a 5-10 cm distance and distribute it uniformly using a microfibre cloth and allow to dry. Do not rinse. Once dry, remove any excess, if any, by using a soft cotton cloth.

CHEMICAL PROPERTIES

ASPECT: Liquid
COLOUR: White
ODOUR: Characteristic
SOLUBILITY: Miscible in water
PH: 5,50±0,50

INDICATIVE COVERAGE FOR LITRE

20-30m²

Product coverage may vary depending on type and porosity of material where used

PACKAGING

Code	Content	Pc./Carton
P1003TOP07L	750ml	12

MADE IN ITALY

ADVANTAGES

The specific water & oil repellent formulation allows the surface to be protected while facilitating cleaning and maintenance of the material. The surface remains protected overtime. Used as periodic cleaner, the product will maintain surface shine and aspect over time. Repeat application every 3-4 months.

ADVICE

The protection with B-3ACTION TOP is effective against water and oil-based staining substances in general, however it is possible that the surfaces are stained due to a prolonged contact with aggressive substances such as acidic based fruit juices, carbonated drinks, vinegar, alcohol and cosmetics. If this situation arises, clean using B-REFRESH TOP (code P110) and remove eventual marks or etches using the product B-TOP RESTORER. Once completed, repeat the treatment (protection) using B-3ACTION (code P037). For further surface shine proceed to use B-LISTO (code P035).

ATTENTION:

Carefully read the recommendations printed on the label. Always test before use. Do not dispose of the container in the environment after use, follow the disposal information indicated on the label. Keep out of reach of children. The product has anti-stain properties but does not protect surfaces from acids. Check the actual resistance of the material to the product on a hidden portion of the surface to be treated. When using the product, use suitable PPE and consult the safety data sheet.
