

DETERSOLVENT DEEP CLEANER AND STRIPPER

Low alkaline, super degreaser for deep cleaning of all hard surfaces and linoleum floors.

SURFACES

Product is recommended for all hard floor surfaces in; gres porcelain, clinker, marble, ceramic, granite and linoleum.

FEATURES

Water based, deter/solvent indicated for a rapid and effective deep cleaning of all acid and alkaline sensitive surfaces. Ideal for the cleaning of newly installed floors and for removing patinas and marks from gres porcelain surfaces. Thanks to its low residue and alkaline content, product cleans gently respecting surfaces. Due to its controlled foam formula product can also be used in walk behind floor scrubbers. Highly indicated for stripping and removal of old waxes from linoleum floors.

HOW TO USE

Stubborn dirt and grease build ups: dilute 200ml of product in 1lt of water and proceed to apply solution directly to area to be cleaned. Allow a dwell time of 5 minutes before scrubbing surface manually or using single disc scrubber and nylon pad. Remove product residues using a wet vacuum and rinse thoroughly removing all residues (to remove patinas from Gres porcelain surfaces, apply product pure directly to area and allow a contact time of 30 minutes before removing and rinsing surface).

Stripping: dilute 200ml of product in 1lt of water and proceed to apply solution directly to area to be cleaned. Allow a dwell time of 5 minutes before scrubbing surface manually or using single disc scrubber and nylon pad. Remove product residues using a wet vacuum and rinse thoroughly removing all residues.

Deep cleaning with mono brush: dilute 30-50ml of product in 1lt of water and proceed to apply solution directly to area to be cleaned. Allow a dwell time of 5 minutes before scrubbing surface manually or using single disc scrubber and nylon pad. Remove product residues using a wet vacuum and rinse thoroughly removing all residues.

Note: 1 cap = 10ml

ADVANTAGES

Respects all surfaces, recommended for cleaning of linoleum surfaces. Easy rinse solution.

ADVICE

Do not use on treated wood surfaces and in methacrylate or plexiglass surfaces.

CHEMICAL PROPERTIES

APPEARANCE: Liquid

COLOUR: Yellow

ODOUR: Lemon

SOLUBILITY: Soluble in water

PH: 10,90 ± 0,50

COVERAGE FOR LITRE

Light cleaning: Approximately 400 m²

Deep cleaning: Approximately 300 m²

Stripping: Approximately 60-80 m²

(Product coverage may vary depending on type and porosity of material where used)

ATTENTION:

Carefully read the recommendations printed on the label. Always test before use. Do not dispose of the container in the environment after use, follow the disposal information indicated on the label. Keep out of reach of children. The product has anti-stain properties but does not protect surfaces from acids. Check the actual resistance of the material to the product on a hidden portion of the surface to be treated. When using the product, use suitable PPE and consult the safety data sheet.
