

# B-SPOT REMOVER

## STAIN REMOVER FOR STONE

“Mangiamacchia” or SPOT REMOVER is a specific poultice formulated for the removal of oil and organic based stains from all stone surfaces.

## SURFACES

Marble, granite, terracotta, porphyry, concrete, slate, terrazzo, marble-resin, ceramic and porcelain.

## FEATURES

Innovative stain remover for the removal of stubborn and deep oil/grease and organic based stains such as tea, coffee and wine. Product does not affect surface polish or leave surface residues. Non-aggressive, non-acidic based formulation.

## HOW TO USE

Shake well before use. Ready for use. Apply to clean surfaces. Remove eventual dirt and grime from surface before use. Apply an abundant, thick layer (0,5cm) of product directly to the stain to be removed, covering completely the stain. Allow product to work on stain for approximately 8/10 hours (@20°C) or until product has completely dried. Remove dried residues using a soft bristle brush or with a damp cotton cloth. Based on type of stain and depth, multiple applications may be needed.

## ADVANTAGES

Product removes effectively stubborn stains and water marks. Non corrosive and ready to use. Product does not generate fumes or odours and can be used on multiple surfaces. Internal and external use. Highly recommended for use on surfaces subject to constant staining such as stone tables, worktops or in food areas.

## ADVICE

Multiple applications may be required. To avoid future staining, we highly suggest that cleaned surfaces are to be protected using our recommended anti stain solutions. (See IDEA HP, IDEA GOLD, BLOCK D70 or AQPPOOF)

## CHEMICAL PROPERTIES

APPEARANCE: Cream

COLOUR: Grey

ODOUR: Characteristic

SOLUBILITY: Partially Soluble

PH: 7,00 3 0,50

## COVERAGE FOR LITRE

N.A.

## PACKAGING

Code	Content	Pc./Carton
045DSRE00250	250 ml	12
045DSRE05	1 kg	6
